Dear Benefactors,

A WORD OF THANKS

The year 2016, we have experienced the love of God through persons full of love and will of God. You have been to us not only a good neighbor but also friends in deed. You have sacrificed the little you have to your friends in need, that is a greater love than anything.

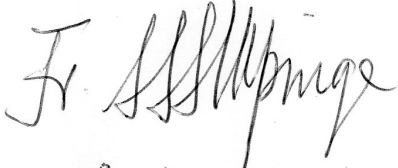

May I take this chance to thank you all for your tender love and kindness you are doing to these little ones. May the Almighty God bless you, your families, your friends and those who participated in helping us.

May Almighty God reward you in due time.

We love you all, we pray that you may have success and longer life.

Greetings to all,

Fr. Salutaris

March. 2017.
